SERVE IT UP IN STYLE

Your environment should be luxurious filled with the true beauty of the people and things that inspire you.

Inspired by fresh ideas of global origin, we have created a sophisticated and subtle collection of trays, mirrors and furniture using traditional techniques. Luxury is melded with practicality, in the spirit of decorative objects. Each one-of-a-kind piece is created by hand and features a signature assuring its authenticity.

ABOUT US

Established in 1997, NOTRE MONDE was conceived from artist Dawn Sweitzer's idea of creating one-of-a-kind, functional objects inspired by travel, nature and the beautifully simple objects found in everyday life.

As the brand grew and demands increased, the year 2013 presented an opportunity for expansion in a partnership with Belgian home furnishing label Ethnicraft. The collaboration widened NOTRE MONDE's reach in the global marketplace and brought opportunities to create exclusive designs for international retail partners.

Today, the NOTRE MONDE brand is recognized for its quality and distinctive aesthetics. Global patterns, textures and layers are translated onto our pieces with traditional printing and hand-finishing techniques. The exceptional process contributes to the unique quality and authenticity of each NOTRE MONDE piece.

Luxury and function.
WELCOME TO OUR WORLD.

DESIGNER

DAWN SWEITZER

Is a self-taught artist with midwestern sensibilities and a sophisticated eye for style. Founder of NOTRE MONDE, she draws her inspiration not only from her extensive travels all over the world, but also from her design projects in Europe. She now lives in North Carolina.

Whether it is a song, a book, fashion, the texture of a painting or people she loves, her surroundings are her source of inspiration. She selects things that speak directly to her, lending authenticity to her work. The NOTRE MONDE brand is a direct expression of Dawn's immersion into various cultures and the diversely meaningful ways in which people embrace the good life.

WABI SABI

BEAUTY IN THE NOT-SO-PERFECT

The Wabi Sabi collection is inspired by two of the things that Dawn loves the most: travel and nature. "While traveling through the blue ridge mountains the vista became almost like a layered watercolor painting. Sky blues, grey and mist colors layered the horizon. As the sun was setting it took on a whole new color palette with warm autumn hues like sienna, sand, sepia." Melded with an ancient tribal textile pattern it adds a perfect balance between graphics and texture.

BRIGHT ABSTRACT

VIVID EXTRAVAGANCE

A free-spirited vision, inspired by Dawn's abstract paintings, is united with a dazzling and expressive color palette. The outcome is a union of unexpected pops of saturated hues, surprising textures, and luxurious details, on a handcrafted canvas. Be bold and dare to mix and match, to create a one-of-a-kind touch of bohemian luxury.

TRANSLUCENT SILHOUETTES

BENEATH THE SURFACE

The Translucent Silhouettes collection artfully layers soft luminous colors atop organic shapes, creating a sense of depth and allowing dynamic shapes and colors to blossom. While the overall result is bold, the collection possesses certain lightness conveyed by the delicate metallic inks and pigments.

GILDED LAYERS

THE GOLDEN HOUR

Experimenting with the concept of duality, the Gilded Layers collection captures the golden glow of the sun at dawn and dusk's twilight. Light indigo hues with splashes of gilded tones are reminiscent of the morning blue sky. Going over to the dark side, the shimmering gildings are contrasted against deeper shades, evocative of the sunset glow the moment before night falls. Clean lines and a contemporary aesthetic with sumptuous splashes of gold impart poetry into this collection.

TRIBAL QUEST

A VIBRANT JOURNEY

Inspired by tribal prints and motifs from Africa to Asia, the Tribal Quest collection sees the opulent textiles of the world illustrated in its pieces. The mingling of lavish gold with cool indigo in rich patterns creates a fluid balance between the masculine and feminine, aptly capturing the sumptuous movement of fabric. Entirely handcrafted, the Tribal Quest collection is vivid and elegant.

CLASSIC

SIMPLY TIMELESS

A subdued color palette meets captivating motifs inspired by nature and travel in our Classic collection. Experimenting with balance, rich patterns are offset with muted tones, revealing the beauty behind the deceptively ordinary objects from which inspiration is drawn. The Classic collection captures the essence of timelessness and imparts a certain enduring quality to your space.

OCEAN BLUE

DEEP BLUE SEA

Our Ocean Blue collection dives deep into multitude shades of blue to create unique pieces inspired by the colors of the ocean. Within the exquisitely hand-crafted collection, contemporary patterns meet saturated colors, combining the soothing qualities of the color with lively design.

MINI TRAYS

HEXAGON

BETTER TOGETHER

Of all the geometric shapes, the hexagon is considered one of the most powerful and fascinating. It is found in many spiritual symbols, ancient tribal symbolism and even in nature itself. The latter is what inspired us to create a range of mini trays that are strong pieces on their own, but more fun when placed in multiples. The vibrant colors and unique organic patterns elevate it from practical to a truly decorative and stylish accent piece.

HALF-MOON

LUNAR GEOMETRY

The unity between both halves is clear as day yet also subtle and surprising. Strong linear patterns contrast against the delicate gold leaves while the brass rim gives each tray the final luxurious touch.

ROUND

FULL CIRCLE

Perfect for serving up a drink or snacks. However, these mini trays aren't just for treats! They can be the colorful accent anywhere around the house. From the hallway to the powder room or your coffee table, there's always room to add a small, glamorous and colorful touch.

RECTANGLE

SMALL PLEASURES

Despite its small size, the mini tray packs a lot of patterns and textures into its small frame. Organic swirls of colors and luxurious gold-leafing are enclosed neatly within slim edges, framing the patterns and textures like a work of art. The mini tray's compact size allows for versatility. Placed in the hallway on a console, it is a key holder. In the dressing table, it is a jewelry tray, and on the coffee table, it is a decorative item. All good things come in small packages, and the mini tray is no exception.

TRAY DESIGNS

Due to the hand-created nature of our products, each item will vary slightly. We consider this a sign of uniqueness.

GEOMETRIC COFFEE TABLE

LINEAR COMPOSITION

Two shapes that could not be further apart mathematically, are brought together by linear patterns in this modern eye-catcher. The round element is welcoming and represents unity and commitment. While the rectangular table represents structure and solidity. Besides the contrasting design, the two different heights are shaped in such a way they can be arranged to overlap each other or stand on their own.

CARE INSTRUCTIONS

WOOD

The NOTRE MONDE trays are varnished with a water-based top coat to repel common substances and fluids, such as coffee, tea and wine. However, the protective coat is no foolproof guarantee against stains. We recommend removing spills immediately to prevent staining. Always use coasters to prevent hot surfaces from leaving marks on your tray.

Daily care for pieces with wood:

Dust regularly using a soft dry cloth.

For a more thorough cleaning, use furniture polish with a soft cloth.

GLASS & MIRROR

Wipe the glass or mirror surface with a glass cleaner and soft cloth.

METAL

Dust regularly using a soft dry cloth. For a more thorough cleaning, use mild soap and warm water. Rinse with clean water and wipe dry. Do NOT use steel wool, sandpaper, mineral acid, bleach, or chlorine cleaners on metal surfaces.

FURNITURE WITH METAL BASE

Do not drag tables along the floor, as it might damage the protective coating, cause rusting or leave permanent marks on the floor. Always lift the furniture when moving them from place to place.

Always ensure water and solutions do not come into contact with the furniture's metal base and a wooden floor, as it might leave permanent marks on the floor. Some wood species, such as oak, contain tannin, which causes the wood to react with metal and leave permanent stains.

UPHOLSTERY

The upholstery of the velvet sofas is not allowed to be washed or dry-cleaned. To keep it in optimal condition we recommend vacuuming regularly with an upholstery attachment and avoid placing the sofa in direct sunlight. Tips and tricks for spot cleaning:

Treat stains immediately.

Blot up as much of the spill as possible with a clean, dry, white cloth. Don't rub.

Blot the stain with a clean, slightly damp white cloth, working from the outer edge to the center of the stain. Use a hair dryer on the lowest heat setting to evenly dry the fabric and prevent moisture rings.

USER INSTRUCTIONS

The NOTRE MONDE trays are intended for decorative and everyday use. They are not to be used in a setting such as, but not limited to, restaurants where they are exposed to constant washing, repetitive handling and service of heavy items.

All NOTRE MONDE products are intended for indoor use only.

UNIQUENESS OF OUR PRODUCT

The NOTRE MONDE brand incorporates classic and traditional techniques, such as metal-leafing, hand-painting, silk screen-printing and aging. Due to the handcrafted nature of our products, each item will vary slightly. We consider this a sign of uniqueness and quality.
